**2 Basis for Qualified opinion:**

The Company continues to prepare accounts on a going concern basis, despite accumulated losses as on 31.03.2021 being more than 50% of the average net worth during the four years immediately preceding the current financial year. The Company's Board of Directors explanations for the losses and assessment of the Company's ability to continue as a going concern as per note no.27 (B) (8) to the financial results have been relied upon.

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent auditors of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

**3 Information Other than the Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, Management Discussion & Analysis (MD&A) and Corporate Governance Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to

be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### **4 Management's Responsibility for the Financial Statements:**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### **5 Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT**

(Referred to in paragraph 6.2(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

**1. Report on the Internal Financial Controls under Section 143(3)(i) of the Companies Act, 2013:**

We have audited the internal financial controls with reference to financial statements of **UNITED VAN DER HORST LIMITED** ("the Company") as at 31.03.2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**2. Management's Responsibility for Internal Financial Controls:**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial control with reference to financial statements criteria established by the Company considering the size of Company and essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ("the Act").

**3. Auditors' Responsibility:**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the existence of the internal financial controls system with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

**4. Meaning of Internal Financial Controls with reference to Financial Statements:**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally

accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

**5. Inherent Limitations of Internal Financial Controls with reference to Financial Statements:**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**6. Opinion:**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an existence of internal financial controls system with reference to financial statements and its operating effectiveness as at 31.03.2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

The Company was incorporated in the year 1989 and since inception, the company provides Reconditioning, Re-standardizing, Reverse Engineering & Manufacturing services to most of the core sectors such as Marine, Oil Field, Power Plants, Petrochemicals, Mining and other major processing industries by combining the patented 'Porous Krome' and hard chrome plating techniques with highly specialized welding processes. The Company have successfully carried out many repairs/reconditioning & manufacturing jobs well within the stipulated time frame and have maintained a high success rate of customer satisfaction.

**2. Statement of Compliance:**

The financial statements are prepared under the historical cost convention on accrual basis of accounting and in accordance with Indian Accounting Standards (Ind AS) notified under the section 133 of the Companies Act, 2013 (the Act), the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

**3. Basis of preparation of financial statements:**

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities and contingent consideration that is measured at fair value;
- Defined benefit plans – plan assets measured at fair value

**4. Functional and Presentation Currency:**

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency.

**5. Use of Estimates & Judgements:**

The preparation of financial statements in conformity with recognition and measurement principles of Ind AS requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Although these estimates are based upon Management's best knowledge of current events and actions, actual results could differ from these estimates. Differences between the actual results and estimates are recognised in the year in which the results are known/ materialised. Any revision to the estimates is recognized and disclosed prospectively in the current and future periods.

Estimates & underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

## 6. Fair Value Measurement:

A number of the Company's accounting policies and disclosures require measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer of liability takes place either:

- In the principal market for the asset or liability or
- In the absence of a principal market, in the most advantageous market for assets or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active market for identical assets or liabilities.
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the assets and liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant estimates and assumptions
- Financial Instruments (including those carried at amortised cost)

## 7. Revenue recognition:

- IND AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue from contracts with customers and supersedes current revenue recognition guidance found within IND AS.
- Revenue from sale of goods is recognised net of rebates and discounts on transfer of significant risks and rewards of ownership to the buyer. Sale of goods is recognised gross of excise duty but net of sales tax and value added tax.

- Revenue on service contracts is recognized on the basis of completed service contract method
- Export benefits available are accounted for in the year of export, to the extent the realisation of the same is not considered uncertain by the Company.
- Interest is accounted on time proportion basis except in the case of tax assessment dues/refund, which are accounted on cash basis.
- Dividend income is accounted as and when the right to receive is established.

## 8. Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to the qualifying assets, in which case they are capitalised in accordance with the Company's policy on the borrowing costs.

Contingent rentals, if any, are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

## 9. Income Taxes:

- (i) Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in the other years and the items that are never taxable or deductible. The Company's current tax is calculated using tax rates which have been enacted or substantively enacted by the end of reporting period. Management periodically evaluates positions taken in tax return with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.
- (ii) Deferred tax is recognised on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base used in computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets (including unused tax credits and unused tax losses) are generally recognised for all deductible temporary differences

to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax asset is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in OCI or in equity). Deferred tax items are recognised in correlation to the underlying transactions either in OCI or directly in equity.

## **10. Property, Plant and Equipment:**

### **Recognition and Measurement:**

Property, plant & equipment acquired by the Company are reported at acquisition cost, with deductions for accumulated depreciation and impairment losses, if any. The acquisition cost includes purchase price (excluding refundable taxes) and expenses, such as delivery and handling costs, installation, legal and consultancy services, directly attributable to bringing the asset to the site and in working condition for its intended use.

### **Subsequent Expenditure**

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

### **Depreciation:**

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual value over their estimated useful lives using the straight line method and is generally recognised in the statement of profit and loss.

The Company has charged Depreciation based on the basis of Straight Line Method and useful life of assets prescribed in Schedule II of the Companies Act, 2013, except for individual assets costing up to Rupees five thousands are depreciated in full in the period of purchase.

The residual values, useful lives and method of depreciation of PPE is reviewed at each financial year end and adjusted prospectively, if appropriate. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying value of the asset and is recognised in profit and loss account.

Capital work in progress is stated at cost.

## **11. Intangible Assets:**

Intangible assets acquired separately are measured on initial recognition at cost. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

## **12. Employee Benefits:**

### **Provident Fund**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation other than the contribution payable to the provident fund. Contribution as required by the Statute paid to the Government Provident Fund as also contribution paid to other recognized Provident Fund Trust is debited to the Statement of Profit and Loss.

### **Gratuity**

Gratuity liability is a defined benefit obligation for employees. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss. Re-measurement which comprise of actuarial gain and losses, the return of plan assets (excluding interest) and the effect of asset ceiling ( if any, excluding interest) are recognised in OCI.

## **13. Earnings per share:**

Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

## **14. Provisions and Contingent Liabilities and Contingent Assets:**

Provisions are recognized when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that cash outflow will be required and a reliable estimate can be made of the amount of the obligation.

Contingent liabilities are disclosed when the Company has a possible or present obligation where it is not probable that an outflow of resources will be required to settle it. Contingent assets are disclosed only when an inflow of economic benefit is probable.

## **15. Impairment Loss:**

The Company assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than

its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

## 16. Foreign Currency:

- a) Foreign Currency Transactions:** - Transactions in foreign currencies are translated into the respective functional currencies of the Company at the exchange rates on the date of transactions or an average rate, if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate on the reporting date. Non-monetary assets and liabilities that are measured at fair value in foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate on the date of the transaction. Exchange differences are recognised in profit & loss, except exchange differences arising from the translation of the following items which are recognised in OCI:

- Equity investments at fair value through OCI (FVOCI)
- A financial liability designated as a hedge of the net investment in a foreign operation to the extent that a hedge is effective; and
- Qualifying cash flow hedges to the extent that hedges are effective

- b) Foreign Operations:-** The assets and liabilities of foreign operations (subsidiaries, associates, joint arrangements, branches) including goodwill and fair value adjustments arising on acquisition, are translated into INR, the functional currency of the Company, at the exchange rates on reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates on the dates of transactions or an average rate if the average rate approximates the actual rate on the date of transaction.

When a foreign operation is disposed of in its entirety or partially such that control, significant influence or joint control is lost, the cumulative amount of exchange differences related to that foreign operation recognised in OCI is reclassified to profit or loss as part of the gain or loss on disposal.

## 17. Financial Instruments

Financial assets and financial liabilities are recognized when the company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss ("FVTPL") are recognized immediately in the statement of profit and loss.

### 1) Financial Assets – amortised cost

Financial assets that meet the following conditions are measured at amortized cost (except for financial assets that are designated as at fair value through profit or loss on initial recognition):

- a) The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows;
- b) The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## **2) Financial Assets – FVTOCI**

Financial assets that meet the following conditions are measured at Fair Value Through Other Comprehensive Income (FVOCI):

- a) The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows and selling financial assets;
- b) The contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## **3) Financial Assets – FVTPL**

Financial Assets that do not meet the amortized cost or FVOCI criteria are measured at FVTPL. In addition, financial assets that meet the amortized cost or FVOCI criteria but are designated as at FVTPL are measured at FVTPL.

## **4) Impairment of Financial Assets:**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost
- b) Lease receivables under Ind AS 17
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18
- d) Loan commitments which are not measured as at FVTPL
- e) Financial guarantee contracts which are not measured as at FVTPL

ECL is the difference between all contractual cash flows that are due to the entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

## **5) Financial Liabilities:**

All financial liabilities are initially recognised at fair value, which is normally the transaction price plus, for those financial liabilities not carried at fair value through profit & loss, directly attributable transaction costs.

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL except for a) financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies or b) financial guarantee contracts issued by the Company and c) commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

**6) Derecognition of Financial Assets:**

A financial asset is derecognized only when:

1. The Company has transferred the rights to receive cash flows from the financial asset or
2. Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

**18. Borrowing Costs:**

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use or sale or those assets that are not ready for their intended use or sale when acquired. All other borrowing costs are charged to revenue in the period in which they are incurred.

**19. Inventories:**

Raw Material, Packing Material, Stores & Spares and Finished Goods are valued at cost or net realizable value, whichever is lower. Cost of stock is determined on FIFO basis. Work in progress is valued at cost or net realizable value, whichever is lower based on estimate of the stage of each job [by technical personnel] as a percentage of net invoice as reduced by estimated profit margin.

**20. Cash and cash equivalents:**

Cash and cash equivalents for the purpose of cash flow statement on balance sheet date comprise cash at bank and on hand and short term investments with an original maturity of three months or less.

**B) Notes to Accounts**

1. **Capital Commitment:** Nil as on 31.03.2021 (Previous Year Nil)
2. The Company did not have any pending litigations having impact on its financial position reflected in the financial statement.

### 3. Segment Reporting
